

Dear Friend,

Thank you for taking the time to explore the possibility of donating to the White House High School football team.

The support we receive from our community is part of what makes our program special, and it is a driving force for the success we have had throughout the years. This season, we are hoping to see that support continue as we focus on increasing player safety.

With all the publicity and concern around head and neck injuries, one of our major off-season goals is to outfit our entire team in top-of-the-line helmets that research has shown can decrease the risk of injury. The technology in these helmets is second to none; it will help us to protect our players from the possible long-lasting effects of head and neck injuries, which we've outlined as a priority for our program.

Below, you can find two links. The first is a link to our team's highlights from last season. Take a look at that and see some of the game-breaking plays that our athletes produced last season! Next, you are able to click the second link which will take you to a site where you can make a monetary donation in any amount that suits you.

As always, we cannot thank you enough for your support of our program. We are perpetually humbled by how much the community cares about the program and how invested it is in the success of our players on and off the field. We sincerely hope that we deliver a product each and every day for which our community can be proud.

Go Devils! BDP.
